'My Life'

I'm writing some of 'My Life' in my own handwriting. I earned the lowest failing grades in 'Spelling' + 'Handwriting'. Marge did most of the writing for me. Sharon did the Computer Typing for me. Lorraine did the computer Pictures + Letters.

I completed the sixth grade + then I started the 'School Of Hard Knocks' I was Fifteen when I started working full time. Six Days a week, Ten hrs. a Day. \$ Eight Dollars a week. That was ok. because I paid Seven Dollars for me + Eddy. When I went to work the Childrens Aid Society cut us off.

I wasn't a Kid anymore, A lot of things in 'My Life' are repeated because our lives crisscrossed the many times with 'Our Family History'. I did have some more schooling ~~at~~ when I took a ~~Four~~ Two year course in Auto Mechanics. We earned it as Veterans, it didn't help my Spelling or penmanship, but I did become a pretty Fair Mechanic.
